ge Ger	nder	Major	Ethnicity	Number of semesters at CRC	Has attending CRC provided you with the opportunity to interact comfortably with students from diverse backgrounds? If yes, please give an example.	Has attending CRC increased your confidence to stand up for yourself in the face of bias? Please explain your answer.	your awareness and appreciation	Has attending CRC increased your awareness of the cultural practices of historically underrepresented minority groups (e.g., ethnic minority, disabled, gay/lesbian/bisexual) in the U.S.? Please explain your answer.	5. Has attending CRC increased you knowledge of the contributions of non-Eurocentric cultural groups (ethnic minority) to the American or the global community? Please explain your answer.	Rease describe your self- identity and how your cultural background impacts your identity.	7. Has attending CRC had any impact on on your self- or cultural identity? Please explain your answer.	8. Has attending CRC increased your respect for cultural diversity? Please explain your answer.	9. Please list course: completed that would meet the ethnic/multicultural studies requirement for graduation.	Name of Interviewer
19 Fen		Political Sciences	Hmong	3	Since I've attended CRC, I have met many students of diverse backgrounds and most of them were relatively frendly. However, I tend to stack to people who share similar interests to m so I can't say that I interact with other students significantly.	Colleges can only do so much when it comes to self esteem and confidence. I think CRC does a great job at building awareness and encouraging people to be confident but it really depends on the people I would have to stand up against.	don't see because they receive so	I have learned a lot more about the underrepresented minorities since attending CRC. I learned about them in classes like Film and Media and English and through th club events hosted around campus.	I can't think of any contributions that ethnic minority groups have largely contribute to the American community. Attending CRC hasn't increased my knowledge about it because I've never even heard of the term "non-eurocentric" before either.	I personally do not identify myself with my ethnic culture. But sometimes some of the issues that the people of my ethnic grouf face do feel like my problem too. I am just a typical Hmong sophomore studying political science in college.	Attending CRC hasn't had much impact on my self or cultural identity.	YES. CRC does a great job promotin cultural diversity with all the clubs and events held around campus.	None	Annie Luu
19 Mal	e	Criminal Justice	Filipino	3	Yes, I would say so. Ever since I started going ICRC I've noticed that my friends (who at one part were a majority Asian) have become in a way diluted with new friends of ethnic and diverse backgrounds.	o I wouldn't say so, I'm already so naturally blunt that I think I'd come off as an a-hole I'l were to become more confident when standing up to other people.	differently and I see them in their	In a way, I guess so. One of my gay friends asked some mutual friends and I to go to a gay club on campus, I believe it's called "Generation Queer" and we watched "V For Vendetta". It was pretty interesting in the Chica. Attending I definitely made me think differently of gaysiteabiams. Because growing up as a Catholic, I'm told at a youn good to the company of th	g s s l l wouldn't say so. I don't think I've taken eldass that has covered something like	up a little. Coming from a Filipino family, I grew up with traditional family parents, aunts and uncles. So that definitely impacts my	confused mixing the two languages together in school. I've also learned few things in the point of view and language of a Filipino. This definitely messed me up growing up going to	friends in my semesters here at CRC My best friends have all been Filipino but now I have a white best friend, ar I can see things from his point of view from how he was raised in	ANTH 310 HUM 332	Annie Luu
22 Mal		Network Systems Administrati	i Filipino/Ca ucasian	6	Yes. The diversity of CRC has allowed me to create friendships with people all across the ethnic spectrum and helped me understand the cultural diversity of many people.	Yes. Attending CRC has also helped me become more aware of my own cultural differences and has increased my pride in them. As a result, I have become much more comfortable in standing up for who am.	people are a certain ethnicity, not everyone follows the known stereotype. Everyone is an unique	Yes. Attending CRC has allowed me to interact with these minority groups and I learned that they are given the same opportunities as the majority has, Interactin with them also helped me become familiar with some of their cultural practifier.		they arrived here 31 years ago. Their struggle inspired me to work hard in whatever it is I do to gain the opportunities that they never	CRC's diversity allows me to take pride in the fact that I am an individual. Because everyone that attends CRC is different. I don't have to worry about having to fit in with the rest of my peers.	Attending CRC has helped me understand what makes other people different because CRC is so diverse.	SOC 321	Annie Luu
22 Mai	е	Engineering	Filipino/Ch	i 6	It has a little bit when I was in CRC's Xpress Dance Company under the direction of Jennifer Samuda. We did a fair amount of donce routine for the multi-cultural events as well as interact with some of the people involved with the event	up for my close friends when they were in trouble due to people who would not leave	high school ever where I joined a Filipino club and learned about my own culture there and how people	No, it hasn't. I've learned from my friends as family in high school. Not just through them but also through dancing that I've grown a lof respect for others and their backgrounds	oNo, it hasn't. I haven't been aware of al	physically and mentally. One who pursues self control and respect I for not just for those close, but to others as well.	I would say the main impact would b from how everyone is serious about their education. And from the serious environment, I realized how importar education really is.		None	Annie Luu
18 Mal	е	Tech	white	1	Yes, I have many cultural diverse friends.	Not really, I stand up for myself anyways	Not really.	Yes, I have been more aware.	Not really, I had knowledge before.	Im positive and it comes from my family.	Not really.	Yes, I respect everybody.	World lit.	Austin Nordman
18 Fen	nale	Med	Asian america	1	Yeah it has. I have met alot of people.	Yes i always do that kind of.	No. not all members are the same.	Yes	Nope, i dont know what that means.	Im Filipino and i love it.	No. I am always this way.	Yes	Cross cultural Psych	Austin Nordman
